When making decisions on allocations and/or leases, the Committee, on the advice of the Polo Sub-Committee, will first accord priority to the player's polo handicap and then secondly, to the date of application. The Committee may also take into consideration the following:

- a. The applicant's potential and his/her likely contributions to the development of polo at the Club
- b. The willingness of the applicant to import/purchase a Polo Pony of sufficient quality and standard (in the view of the Polo Sub-Committee) so as to be an asset to polo at the Club
- c. The regularity of play by the applicant and/or eligible polo playing Family Member

It should be noted that regularity of play will be strictly monitored. Leased stables will be repossessed without regular play.
