D. POLO

1. Livery for Polo Ponies and Conditions for Eligibility for Subsidy

The Club may, through the Committee, offer livery for Polo Ponies to Charter Members which shall be upon the terms and conditions set out in these Bye-laws.

All Polo Ponies registered in Livery at the Club, shall be privately owned or leased from the Club and must play polo in accordance

The Club's Bye-Laws Rules Effective From May 2021

with the terms and conditions of these Bye-laws.

Livery Charges for Polo Ponies shall be determined by the Committee at its absolute discretion from time to time taking into account the following guidelines: -

- a. A subsidised rate for Polo Ponies on allocated or term livery and meeting the other criteria set out in these Bye-laws.
- b. The A subsidised rate is for Polo Ponies playing polo regularly to the satisfaction of the Polo Sub-Committee and on term livery, renewable on a strictly annual basis, and meeting the other criteria set out in these Bye-laws.
- c. Full livery in all cases where a Polo pony belonging to one Charter Member is being played primarily, or to an extent deemed unacceptable by the Polo Sub-Committee, by members.
- d. Full livery where a member's Polo Pony is, temporarily or otherwise, stabled in a stable allocated to another Charter Member. Full livery is defined as 150% (one hundred and fifty) of subsidised livery.
- e. A subsidised rate for Polo Ponies during spelling which meets the criteria of the Committee.

The Committee may by written notice immediately withdraw any subsidised livery for horse without giving any reason.

The Committee will determine, at intervals of 3 (three) months, the livery charges for Polo Ponies and these will normally be valid for the next 3 (three) months. Details of the livery charges will be advised to members within 7 (seven) days from the date of the aforesaid determination. At the end of each 3 (three) month period, the Polo Sub-Committee will consider each Polo Pony on its individual merits, to determine whether or not there is justification for continuing the livery charges at the previous quarter's level. It will then make its recommendations to the Committee. Notwithstanding anything herein to the contrary, the Committee shall have the discretion to assess Polo Ponies on a monthly basis and revise the livery charges accordingly.

The Club will invoice the member for the charges in arrears on a monthly basis. A refundable deposit of one month's livery will be held by the Club.

The criteria to be used to determine charges for livery for Polo Ponies will include:-

A Polo Pony must be played by its owner for a minimum of 50% of all available chukkas played during a period of 6 (six) months, unless special exemption is granted by the Polo Captain.

The Club's Bye-Laws Rules Effective From May 2021

A Polo Book will be maintained by the Polo Captain and serve as a record of the frequency with which Polo Ponies are used to play polo. The Polo Sub-Committee will look for a satisfactory overall level of participation over each 3 (three) monthly period, and the desirable level is a minimum of 80% participation in available chukkas, whether playing polo or as an umpire's pony. Members who cannot play their horses will make them available for umpiring (unless there is a specific reason such as lameness etc for not doing so) as the Club does not have any horses set aside for this essential purpose. Where a Polo Pony is used for umpiring, this will count on exactly the same basis as if it had played. A member who, in the view of the Polo Captain, unreasonably withholds the use of his polo pony for umpiring may, as determined by the Polo Sub-Committee, stand to lose either some or all of the livery subsidies enjoyed by that polo pony.

When a Polo Pony is genuinely produced for umpiring but is not utilised, this will be marked down in the Polo Book as 'participation'. When a member puts himself down to play a specified number of chukkas on his own Polo Ponies and is not allocated the full number, the chukkas "lost" will count as participation. When any chukka or chukkas are cancelled, these will also count as participating.

The Polo Sub-Committee will also take all other relevant factors into account including the following criteria:-

- a. Any period in which the Polo Pony was lame and the cause of its lameness.
- b. Periods of illness or injury of owners and/or lessees.
- c. The absence of owners and/or lessees on business or personal trips.
- d. The background playing records of the Polo Pony and its owners and/or lessee.
- e. The level of participation of the Polo Pony and its owner or lessee in tournaments.
- f. The loan of Polo Ponies to visiting players and for pros in tournaments.
- g. The good conduct of the owner and/or lessee in following the Club's Constitution and Bye-laws.

Owners and lessees are asked to advise the Polo Captain, in writing, of any circumstances which may/have affected their ability or the ability of their Polo Ponies to play polo.

Any member dissatisfied with the rate of charges imposed for livery for Polo Ponies may appeal in writing to the Committee, through the Honorary Secretary.

Members are responsible for ensuring that their Polo Ponies when playing polo are properly groomed and have safe and proper tack

The Club's Bye-Laws Rules Effective From May 2021

There is no guarantee that a Charter Member will be assigned a stable(s) for the full period requested. The livery charges for stables will be determined by the Committee which may also revise these charges from time to time.

A transfer fee for allocated stables as determined by the Committee from time to time is payable to the Club by the allocatee within 1 (one) week of its decision to approve an allocation to another member.

The maximum number of stables for polo ponies allowable per player is based on the official international polo handicap of the Charter Member concerned as follows:

N(ovice) -/+	:	1 (one) term livery stable
-2	:	2 (two) stables, where of minimum 1 (one) allocated stable
-1 and above	:	4 (four) stables, where of minimum 2 (two) allocated stables.
-1 and above	:	may apply for 1 (one) additional horse with a commitment to participate and support high goal tournament season at the Club and 1 (one) additional term livery or 1 (one) additional allocated stable for another family member in Atoms Elite or with Polo Handicap.

When making decisions on allocations, the Committee, on the advice of the Polo Sub-Committee, will first accord priority to the

The Club's Bye-Laws Rules Effective From May 2021

- c. The regularity of play by the applicant and/or eligible polo playing Family Member.

It should be noted that regularity of play will be strictly monitored. All stables will be repossessed without regular play by owners.

d. Polo Playing Family Members

As mentioned in the handicap table above, If the Charter Polo Playing Member or Charter Member has a polo playing Family Member who has been awarded a polo handicap by the Club (or who already holds an official international polo handicap) and who plays polo regularly at the Club, or a child participating in the Club's Youth Polo Programme, the above quotas for stables may be increased by 1 (one) stable at the sole discretion of the Polo Sub-Committee. No more than 6 (six) stables shall be allocated per family.

Should there be no available stable at the time; an application will be recorded on a waitlist. Once a reservation is confirmed the member is given 2 (two) months to bring in a horse to the Club and thereafter a quarter livery charge is applicable for 2 (two) more months after which the reservation becomes void.

e. Movement of Horses

No member shall move a Polo Pony into or out of the Club without permission from the Polo Captain. g. Retention of Empty Stables

- Any member who sells his Polo Pony or who has his horse put down, thus liberating a stable is entitled to apply in writing to the Polo Captain who would then bring it up to the Polo Sub Committee to keep the stable in his name for a period not exceeding 3 (three) months, provided that he has played polo regularly for the preceding 12 (twelve) months, while he makes arrangements to find a replacement Polo Pony. During the period that the stable remains vacant he will be billed half the Polo Pony livery applicable to the member at the time subject to the provisions of Bye-law C13.
- For allocated stables only, the member may apply in writing to the Polo Captain, who would then bring it up to the Polo Sub Committee, for another member's Polo Pony to occupy the stable left vacant. The period of vacancy and/or occupation by another member's Polo Pony combined shall not exceed 3 (three) months. The member temporarily occupying the vacant stable will pay Full Livery, while the member vacating the stable will not be billed any livery during this time.
- In the event the period of vacancy and/or temporary occupation by another member's Polo Pony combined exceeds 3 (three) months, the member may apply in writing to the Honorary Secretary, who would then bring it up to the Committee for approval, for an extension for a further three months.

The Committee may subsequently decide at its discretion to occupy the stable with any Polo Pony, while the member is still being billed for half of Polo Pony livery. Please note that should the stable continue to remain empty after the final extension period, the member will be billed full Polo Pony Livery.

The Club's Bye-Laws Rules Effective From May 2021

6. Syces' Off Days

On stables off days and on Public Holidays, any member who wishes to ride may be asked to enter the necessary details in a book kept for that purpose. A charge as determined by the Committee from time to time may be made and debited through the member's Club account. However, members may ride and groom their own horses without charge if they so wish.

7. Polo Livery Agreement

See Appendix C

Fees and Terms of Payment

In consideration of the Club providing livery to the member, the member agrees to pay the Club such sum to be determined by the Committee in its absolute discretion (the "Fee"). The Committee shall be entitled to vary or modify the Fee from time to time upon giving not less than 7 (seven) days' written notice to the members, whereupon the variation or modification to the Fee shall take effect.

The Fee shall be payable in advance on a monthly basis.

8. Polo Tests and Club Cups

(i) Introduction

Polo falls under the direct jurisdiction of the Polo Captain whose duty is to improve the standard of polo at the Club, arrange tournaments and Club Cups, ensure that the ground is maintained in as good a condition as possible, and try to make sure that all players get as much and as enjoyable polo as their respective standards permit.

The Constitution states that:

"The Captain shall, subject to the Committee's direction, control the play on practice days and generally shall have the management of the play, ponies and players, on the field, and be responsible for the enforcement of the regulations governing polo."

The Club's Bye-Laws Rules Effective From May 2021

No member may start to play polo without passing the Polo Test, or in the case of visitors and members who already play polo when they become members, without the express approval of the Polo Captain or his nominee.

(ii). Conditions for Club Cups

(i) Club Polo Cups

Every reasonable effort should be made for a date to be selected when the greatest possible number of players of the type specified for a particular cup are available. There are constraints of time and circumstances; the weather being an overall imponderable.

a. Internal (Domestic) Tournament Club Cups and their playing conditions, which must be followed as closely as possible, are in: Appendix A

9. Dress for Polo

- a. Weekends: All tournaments, Club Cups, chukkas and stick and ball on the field: Polo helmet, white breeches, polo boots, knee guards (not required for stick and ball), official Club Shirt of the current year or as specified by the Polo Captain.
- b. Weekday chukkas: Polo helmet, polo boots, knee guards, plus a white or red t-shirt with collar. Jeans and other forms of long trousers are permitted as directed by the Polo Captain.
- c. General Riding and weekday stick and ball: Suitable helmet, riding boots or riding shoes, jeans and other forms of long trousers, a t-shirt with or without collar.
- d. A player consistently arriving to play polo incorrectly dressed may be barred from playing polo by the Polo Captain for a period not exceeding 1 (one) month.
- e. Any player with a valid reason for not being correctly dressed for polo may approach the Polo Captain or his nominee for the day for permission to play. Anyone going on the field for a game or a tournament incorrectly dressed, without having first given an explanation considered satisfactory, may be asked to leave the field or find his name removed from the chukka board for the balance of the afternoon.

10. General

- a. The Club follows the rules and regulations as stipulated by the Hurlingham Polo Association (HPA).
- b. Players may be sent off the field immediately by the umpire for dangerous play, bad behaviour or bad language on the field. If a

The Club's Bye-Laws Rules Effective From May 2021

player continues to offend in one or more of these ways, he may be barred from playing polo by the Polo Captain for a period not exceeding 3 (three) months.

- (i) Players must not contest the decisions of the umpires while the game is taking place. If any player is not happy about any decision, then he should discuss his point with the umpires or the Polo Captain after all players have left the field, and then in a discreet manner.
- (ii) It is bad sportsmanship to openly criticise umpiring while the game is in progress. The Polo Captain may discipline offenders by barring the player from Polo for a period not exceeding 3 (three) months.

- c. Beginners need and deserve encouragement: not unfriendly observations. Polo will start promptly on time and players who are not there will lose their chukkas. The interval between chukkas will be limited to 2/3 minutes. This means that players not playing in the previous chukka should be immediately ready to play and those who have played in the previous chukka will have to change their ponies promptly. This period will be strictly adhered to and all chukkas will start on time. This will ensure that each day the maximum number of chukkas will be secured and, thus, everybody obtains as much polo as possible.
- d. A player who consistently arrives late on the playing field for his chukka thus causing other players to wait unnecessarily, may also be barred by the Polo Captain from playing for a period not exceeding 3 (three) months.
- e. Any player who has been suspended from playing polo or using the ground by the Polo Captain and who does not agree with his decision is entitled to appeal to the Committee via the Honorary Secretary, in writing, within 1 (one) week of his suspension.
- f. Balls for practice may be purchased from the Club. Balls for club chukkas will be issued and controlled by the Polo Captain or his nominee for the day. All balls used in club chukkas must be collected and returned to the umpires.

11. Ground Rules

The Ground Rules are spelled out in detail below and will be displayed on the Club Notice Board. In order to maintain the ground and schools etc. in reasonable condition, these rules must be strictly followed by every rider.

Any member who consistently ignores the ground rules or signals will be barred from polo or riding on the Club premises at the discretion of the Polo Captain or any other Committee Member for a duration not exceeding 3 (three) months.

- a. Red Disc

The Club's Bye-Laws Rules Effective From May 2021

Indicates that the whole polo field is closed. However, horses may be exercised along the sand track.

b. Red and Black Disc

Indicates the polo field is only open for polo lessons supervised by an instructor. Additionally, a designated strip on the far side of the polo grounds, outside the boards, is available for stick and ball practice. The sand track is open for riding. Polo players should exercise their horses well away from any school horses moving between the schools and the Mount Pleasant stables.

c. Black Disc

Indicates that the whole polo field is open, either for Club chukkas or for stick and ball practice.

d. On polo days (when the polo ponies and riders are preparing for chukkas) the Clubhouse side of the ground is closed to all ponies except those playing polo on that day.

Players not playing polo may use the other three sides of the ground while polo is in progress but must keep off the Clubhouse side of the ground as they are liable to be a hindrance to both players and spectators: no one may stick and ball or ride on the field with fast stops and turns when the ground is soft, thus cutting up the turf unnecessarily (prior to Club chukkas or Club Cups).

e. Other parts of the grounds may be opened or closed by signs and notices as decided by the Committee.

12. Inter-Club and International Tournaments

When determining teams for tournaments outside Singapore and within Singapore, preference will be given to players and their families who own their own horse(s) and have supported tournaments domestically and away from Singapore in the past, and who have made a positive contribution in terms of personal effort to the Club's affairs, both directly and indirectly, while still trying to put together the strongest possible combinations.

13. Selection for Tournament and Chukkas

a. Players should sign up as many days in advance as possible.

b. Preference for Club chukkas and tournaments is given to players playing their own ponies, followed by higher handicapped players on borrowed ponies.

The Club's Bye-Laws Rules Effective From May 2021

14. Signing Up

When Club cups are played, players must still sign up for the total number of chukkas they wish to play.

Players should email, submit a google form, SMS or WhatsApp their requests to the Polo administration manager before the close of the specified sign-up time. They should indicate the number of chukkas and horses they wish to play.

On weekdays and weekends Chukka board entries will close at the last sign up time. Players must be present and ready to play at least 10 (ten) minutes before play starts. Any player arriving late risks losing one or more of his chukkas. The times for commencement of play are to be determined by the Polo Captain and may be subject to change (watch the Notice Board).

Any player who consistently fails to show up after signing up for chukkas or Club Cups etc, may be barred from playing polo by the Polo Captain for a period not exceeding 3 (three) months. In no circumstances may players alter the board without the permission of the Polo Captain or his nominee.

Requests for particular player combinations will not be entertained.

15. Treading-in

It is essential that all players and, if possible, spectators, tread-in the field after playing or practising when the ground has been cut up even slightly. The Club has only one ground and only by conscientiously treading-in wherever necessary, can this ground be maintained in a playable condition four times a week, throughout the year. It may sometimes be necessary to curtail the polo playing period to allow adequate time to tread-in properly. Any player who consistently fails to tread-in may be barred from playing polo by the Polo Captain for a period not exceeding 3 (three) months.

Players must remain at the Club until polo is over in order to fulfill their obligation to tread-in.

16. Opening of the Ground on Polo Days

1. If the Polo Captain is present, his decision whether or not the field is playable will be final.
2. If the Polo Captain is not present but the Honorary Secretary is, the latter's decision whether or not the field is playable shall be final.

The Club's Bye-Laws Rules Effective From May 2021

If neither the Polo Captain nor the Honorary Secretary is present, the first two Charter Polo Playing Members of the Committee who arrive will decide whether or not the field is playable.
